TAFE VICTORIA

holmesglen futuretech

START A REWARDING CAREER IN THE ELECTRICAL INDUSTRY

Study a pre-apprenticeship in electrotechnology at Holmesglen Futuretech and learn the basic skills and knowledge to hit the ground running in your new career.

The course has been designed to provide an introduction to the electrical/electronics industry in areas such as commercial, industrial and domestic construction, as well as air-conditioning, refrigeration or instrumentation.

At the completion of this course you will have developed broad-based employability skills in a range of electrotechnology fields including lighting; general power; fire protection and security; robotics; instrumentation; optical data and voice systems; and electrical motors and control systems.

Course:	UEE22011 Certificate II in Electrotechnology (Career Start)
Course length:	Full time: 9 weeks, 4 days per week - 8am to 4pm, Monday to Thursday
Start dates:	**Group 1** - 27 September to 2 December 2021 (Break 1-5 November) **Group 2** - 31 January to 31 March 2022
Campus:	Futuretech - North Melbourne
Entry requirements:	Students should be at least 16 years old and above.
Careers:	- Apprentice: electrician, electrical fitter or air conditioning and refrigeration mechanic - Renewable energy systems installer - Electrical engineering technician - Renewable energy sales and support roles
Pathways to further study:	- Certificate III in Electrotechnology (Apprenticeship) - Certificate III in Electrical Fitting (Apprenticeship)
